

# iPad Loans

## ***Are you new to Type 2 Diabetes?***

***It can be confusing when you first find out you are at risk of Type 2 Diabetes or have been diagnosed. We know people want to find out more about their condition. You can loan iPads with information about Type 2 Diabetes and other health information to help you make choices to fit into your life.***

***You can loan out iPads that include;***

- ***Recommended health information, useful websites and leaflets.***

***If you are unsure about using an iPad they include;***

- ***Training on how to use the iPad***

***Don't worry if you don't have internet the iPads include;***

- ***Data cards, meaning you don't need your own internet.***

***The iPads can be booked out and collected from your local library where you will also receive a small pack of information on what's included in the iPad and how to access training if required.***
