Community Empowerment (Scotland) Act 2015

Asset Transfers

Annual Report

The Community Empowerment (Scotland) Act 2015 aims to empower communities by giving them control over assets so they can work together to make better communities.

Part 5 of the Community Empowerment (Scotland) Act 2015 introduced a right for community bodies to make requests to all local authorities, Scottish Ministers and a wide-ranging list of public bodies, for any land or buildings they feel they could make better use of. The Act moves asset transfer from a voluntary approach by public bodies to one which introduces a right for community bodies to make requests for ownership, lease, management or use of publicly owned buildings or land whether or not they are available for sale or considered surplus to requirements. The Act requires those public authorities to assess requests transparently against a specified list of criteria, and to agree the request unless there are reasonable grounds for refusal.

Receiving an Asset Transfer Request triggers a set of procedures and timeframes to ensure that the public body and community groups are engaged in discussion in a supportive and constructive manner. This is to ensure that any exercise is well considered, appropriate and focussed on improving community outcomes.

NHS Highland encourages groups firstly to discuss their proposal with their District Manager and submit an expression of interest form. They are then asked to complete a formal application form so we can fully assess the asset transfer request.

In compliance with Section 29 of the Community Empowerment (Scotland) Act 2015, NHS Highland is required to publish an annual report setting out the numbers of asset transfer requests received and their outcomes covering all requests received from the scheme coming into force up to 31 March 2022 as follows:

Activity	Frequency
<ul style="list-style-type: none"> The number of asset transfer requests received 2021 to 2022 	2 Mackinnon Memorial Hospital in Broadford. Ian Charles Hospital in Grantown on Spey.
<ul style="list-style-type: none"> The number of asset transfer requests agreed to or refused 2021 to 2022 	0 Agreed 0 Refused

<ul style="list-style-type: none">• The number of requests which resulted in the transfer of ownership, lease or conferral of other rights	0
<ul style="list-style-type: none">• For appeals relating to requests made to NHS Highland, how many have been allowed, dismissed or have resulted in any part of the authority's decision being reversed or changed	0
<ul style="list-style-type: none">• Where decisions made by NHS Highland have been reviewed, how many have been confirmed, modified or substituted by a different decision	0
<ul style="list-style-type: none">• Any action taken by the public service authority to promote the use of asset transfer requests and support community transfer bodies to make requests	0

Promotion

NHS Highland has created a prominent link on the front page of its website specifically dedicated to Asset Transfer requests. The webpage explains how to submit an Asset Transfer request, clarity on who can make one, how to do so, contact details of local District/Locality Managers and contact details for a single point of contact.

The website outlines the processes, details of the necessary timeframes and informs community groups on what Asset Transfer requests can be used for. There is also access to Scottish Government guidance.
