Using a patient portal to improve the communications with our patients

You can find out more information here:  
<https://nhsh.scot/PtHub>

We're using the secure online portal Patient Hub, allowing you to...

## tell us how you want to move forward with your appointments

You can access this on your smart phone, tablet or **computer**. All the important information, will be in one place.

You can find out more information here:  
<https://nhsh.scot/PtHub>

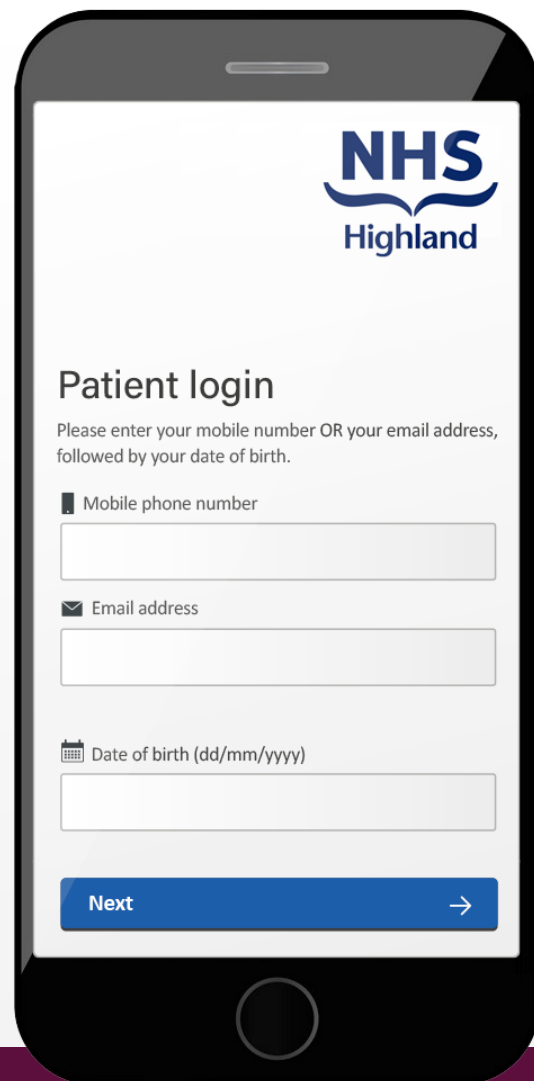

Please make sure we have your up-to-date **mobile number** and/or **email address**.

As and when the hospital needs to contact you, patients with a registered mobile phone number and/or email address will automatically be registered with this service.

You can find out more information here:  
<https://nhsh.scot/PtHub>

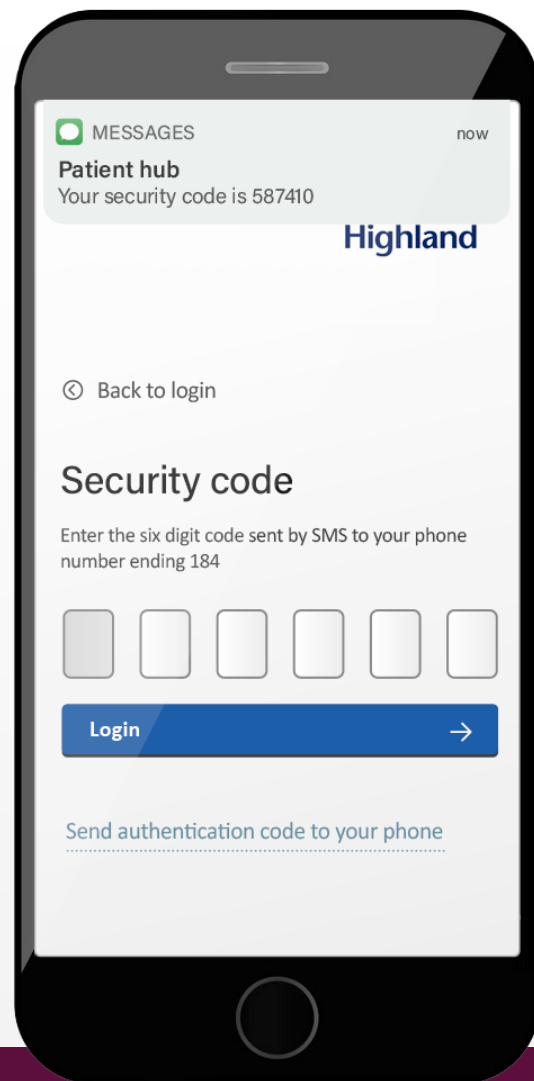

You'll be sent a **text message** or **email** from us with a link to follow.

Click on this link and confirm your mobile number or email address and date of birth when prompted.

You can find out more information here:  
<https://nhsh.scot/PtHub>

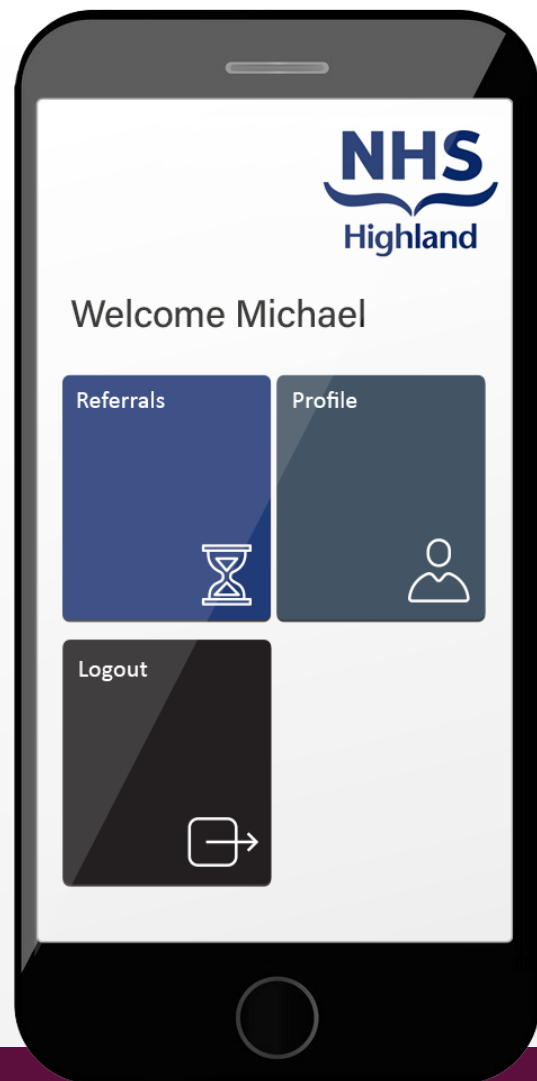

You will then be sent a **6-digit authentication code** by SMS, or **by email** if we don't have your mobile number.

You can find out more information here:  
<https://nhsh.scot/PtHub>

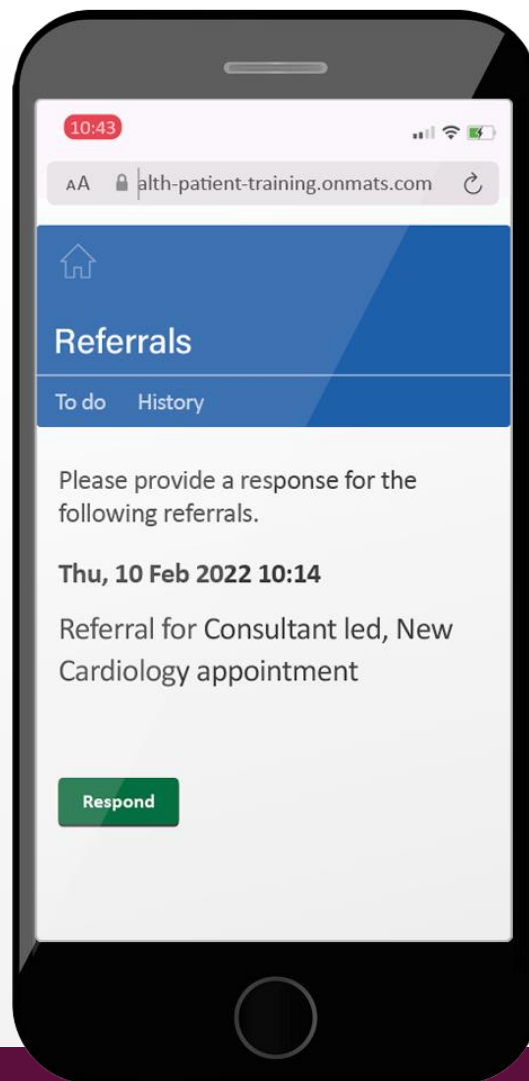

Once you receive the authentication code,  
key it into the secure page to unlock it  
and then **you're in!**

You can find out more information here:  
<https://nhsh.scot/PtHub>

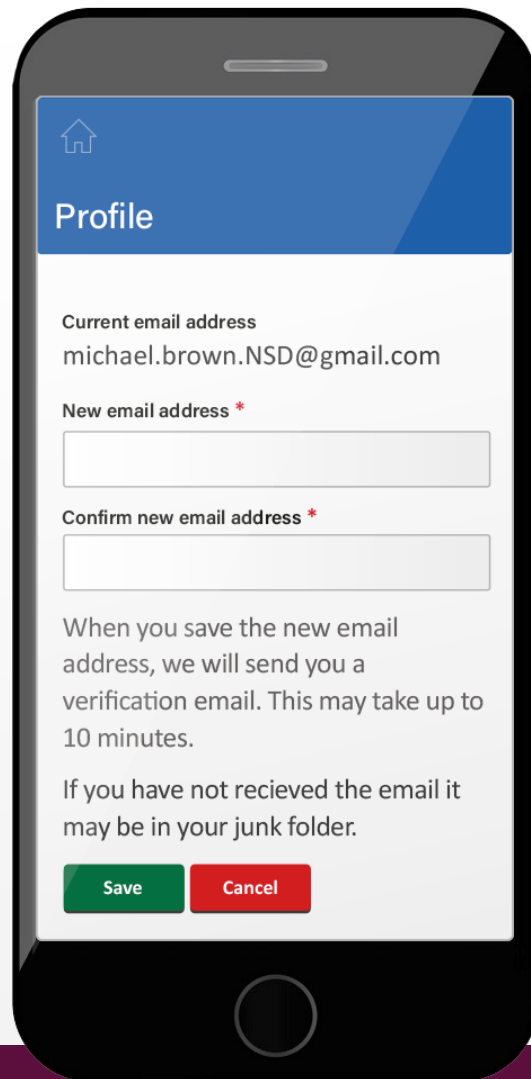

You can view your **appointments**, simply click on the **Referrals** tab.

## Updating your details

You can update your email and mobile phone details. You simply click on the **Profile** tab.

You can find out more information here:  
<https://nhsh.scot/PtHub>

## Updating your preferences

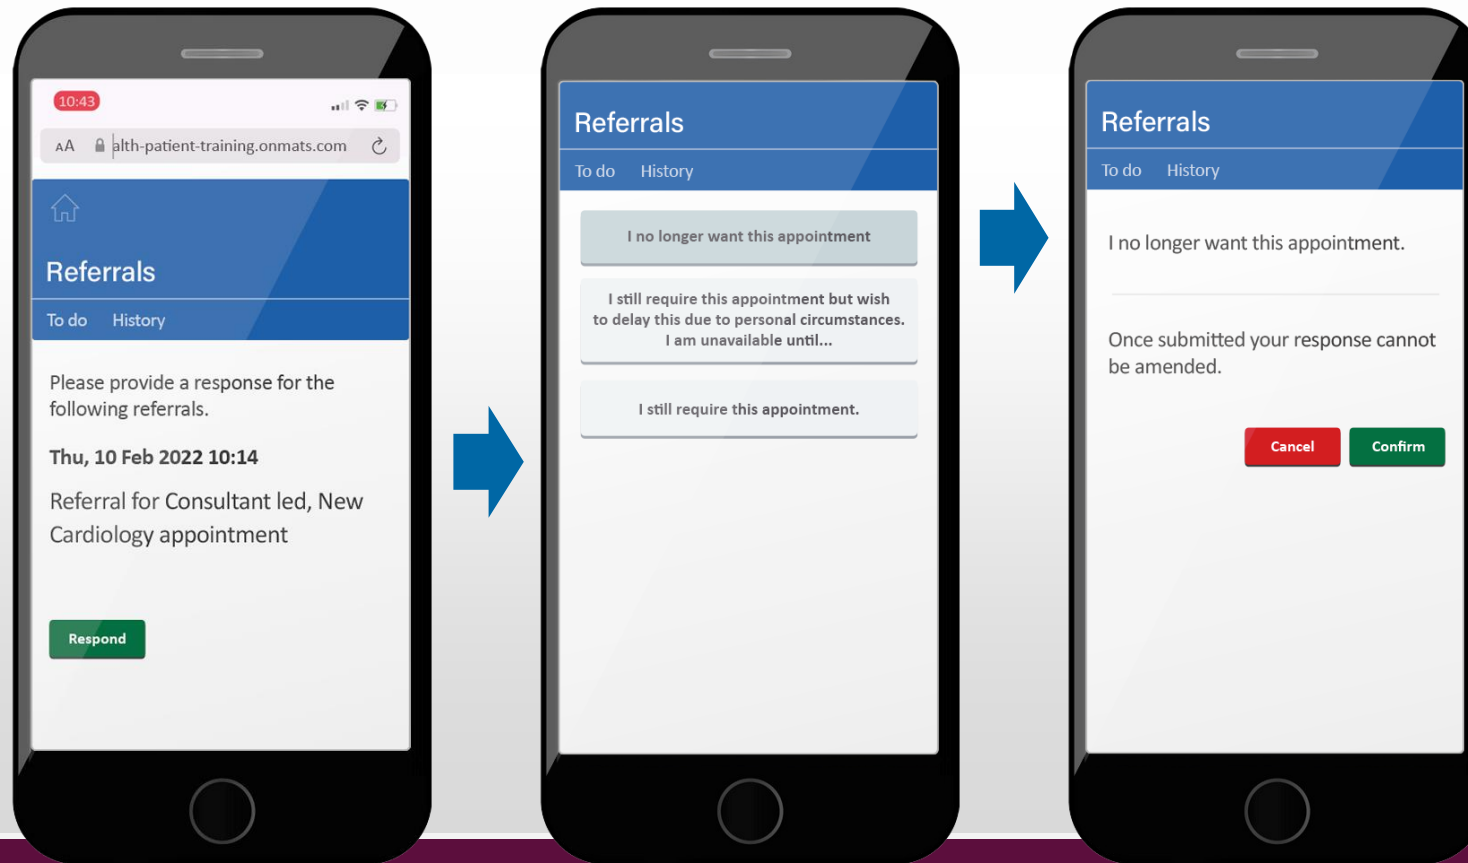

You can opt out of the service if you wish. You simply click on the **Profile** tab.

**Please note:** using letters via the post is likely to take longer than opting to use digital.
